

Here is a professional cover letter based on the rewritten resume and job description:

[Your Name]
[Your Address]
[City, State, ZIP]
[Date]

[Hiring Manager's Name]
[Company Name]
[Company Address]
[City, State, ZIP]

Dear [Hiring Manager's Name],

I am excited to apply for the [Job Title] position at [Company Name], as advertised on [Job Board/Source].

As a highly motivated and experienced software developer, I possess a solid understanding of Java programming.

In my previous roles, I have consistently demonstrated my ability to identify and prioritize project requirements.

I am particularly drawn to [Company Name] because of its [reputation, mission, or values that resonate with me].

Thank you for considering my application. I would welcome the opportunity to discuss my qualifications further.

Sincerely,

[Your Name]

I hope this helps! Remember to customize your cover letter to fit your personal style and the specific job description.
